baker to take his place. "Ladies' Night" at the Lyndon club Friday evening was, as usual, a pleas-ant occasion. Cards in the club rooms and dancing in Darling's hall occupied the members and their families until a late hour. Excellent music was furnished for dancing by a new orchestra recently organized in town. The members are Harry Wakefield, violin, Charles Stevens, piano, Herman Burpee, cornet, Herman Squires, clarinet, A. Aubin, trombone, and Harley Johnson, drum and traps. This orchestra plays finely together, and is a great addition to our musical resources.

One hears and reads a great deal these days about "Combinations" especially Combinations of Capital." government is after a great many of them with the "Big Stick" and it is to be hoped that they will be broken up. There is another great combination however, that is a source of much good, and not only does not come within the swath of the "Big Stick," but comforms strictly to the law. It is a combination of Quality and Quantity to be found in the half pint bottle of Elliott's Emulsified Oil Liniment for 25c. Guaranteed under Pure Food and Drug Law. Yellow package.
